

Health Centre

Department of Biotechnology in association with NSS Advisory Committee, Health Center is going to organize an ‘Eye Camp’ from 13/2/25 to 14/2/25 in the college campus. Ophthalmologists are Dr. Neela Ravi Kiran and Dr G. Hemalatha from RaviKiran eye hospital.

- ❖ To create awareness among the staff and students about eye care.
- ❖ For early detection of ailments.
- ❖ To provide medical treatment to those suffering from eye ailments.
- ❖ To address the full range of needs associated with eye conditions and vision impairment Across the students.

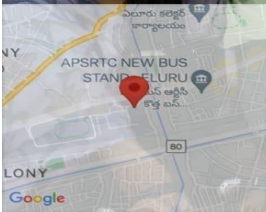

2. Department of Zoology in association with NSS Advisory Committee, Health Center is going to organize a Community outreach programme on 16-2-25

Educating students about Thalassemia raises awareness about this genetic disorder. Students learn about symptoms, treatment, and prevention. Awareness programs promote screening and genetic counseling. Informed students can make better health decisions. This knowledge benefits not just students, but also their families and communities.
