- The objective of career guidance program is to provide individuals with the tools, information and resources needed for self exploration, goal setting and planning, personnel and professional growth, decision making and adaptability. Career guidance provide guidance to the students to impart training in communication skills , to improve their employability opportunities
- Career guidance refers to services intended to assist people at any time throughout their lives, to make educational training and occupational choices. Career guidance is a process of assessing students strengths, interests, values, and goals, and providing guidance, resources, and support to help them explore career options, set achievable goals, and navigate the job market effectively.
- The primary aim of career guidance is to empower individuals to find fulfilling and successful careers that align with their unique talents and aspirations.
- Career guidance plays a vital role in personal and professional development, as it enables individuals to make informed decisions about their educational and career pathways, leading to greater career satisfaction and success.

About Program

A career guidance program is a structured initiative aimed at helping students to make informed and meaningful career-related decisions. These programs provide resources, support, and guidance to assist participants in identifying their strengths, interests, values, and career aspirations.

Career Guidance program helps students choose the right career path based on their educational and professional choices. A qualitative and quantitative assessment of the student's knowledge, skills, information, and experience identifies which career options are available.

Career guidance typically begins with an assessment of an individual's skills, interests, and strengths. This information is then used to identify potential career paths that may be a good fit. A career counsellor or advisor may provide information about various occupations, such as job requirements, growth potential, and earning potential. They may also help individuals explore education and training options, such as college or vocational programs, and offer advice on how to gain relevant work experience.

Sri Akondi Srikanth garu Associate Professor in Business Analytics , K.L University is a resource person.

- The program was conducted on 22-10-2019
- The duration of the class is for 2 and half hours (10.00 am to 12.30)
- All Final year BCom and B.Sc students participated in this program
