## About programme

### About program on Competitive Coaching Classes

The program organized by the Career Guidance and Placement Cell at Sir CR R College for Women, in collaboration with Sreedhar's CCE Coaching Center, focused on providing competitive coaching classes for students pursuing III B.Sc./B.Com courses. The key points about the program are:

#### Program Focus:

- **Target Audience:** Students enrolled in III B.Sc./B.Com courses seeking preparation for competitive examinations.
- **Objective:** Equipping participants with comprehensive preparation strategies and subject knowledge crucial for excelling in competitive tests.

#### Program Details:

- **Duration:** A 60-day coaching program conducted from 2 August 2021 to 14 September 2021 after the completion of college hours i.e., from 5:30pm to 6:30 pm
- **Venue:** Sreedhar's CCE Coaching Center hosted the sessions, providing a conducive learning environment.

#### Structure and Curriculum:

- **Structured Schedule:** Meticulously planned sessions aligned with the participants' academic schedules to ensure maximum engagement.
- **Focused Curriculum:** Tailored curriculum covering essential subjects and exam-specific strategies for various competitive tests.

#### Approach and Outcomes:

- **Active Participation:** Encouraged enthusiastic involvement of students throughout the duration of the program.
- **Assessment Methods:** Conducted regular assessments and mock tests to evaluate progress and understanding.
- **Skill Enhancement:** Emphasized enhancing problem-solving skills, time management, and depth of subject knowledge among participants.

#### Impact and Conclusion:

- **Engagement and Response:** Witnessed active participation and a positive response from students eager to excel in competitive examinations.

- **Collaborative Success:** Highlighted the successful partnership between the Career Guidance and Placement Cell and Sreedhar's CCE Coaching Center in creating a conducive learning environment.
- **Future Prospects:** The success of this program paved the way for future collaborative efforts to further support students' academic pursuits.

**Appreciation:**

- Acknowledgment extended to the instructors and staff at Sreedhar's CCE Coaching Center for their dedicated efforts that significantly contributed to the success of the coaching program.

This program aimed to empower students with the necessary skills, knowledge, and strategies to excel in competitive examinations, providing them with a valuable edge in their academic pursuits.

To,  
The Director  
Sreedhar's Coaching for Competitive Exams  
N R pet,Eluru.

**Subject: Request for Competitive Coaching for III B.Sc./B.Com Students**

Dear Sir/Madam,

I am writing to formally propose a collaboration between our college and Sreedhar's Coaching for Competitive Exams (NR Pet Eluru)

We believe that providing our III B.Sc./B.Com students with access to your esteemed institution's competitive coaching services will significantly impact their academic growth and career prospects.

Recognizing the pivotal role of competitive coaching in shaping our students' academic journeys, we are eager to explore this partnership. We kindly request your institution to conduct coaching sessions for our III B.Sc./B.Com students at your center as in previous years. The envisaged duration for this program spans 40 days, scheduled to commence from December 02-AUG-2021 to 14-Sep-2021. Preferably, these sessions would be conducted after college hours, between 5:30 PM and 6:30 PM.

We firmly believe that the expertise and guidance provided by your institution will greatly contribute to our students' academic excellence and fortify their competitive acumen in their respective fields.

Your willingness to accommodate this request within the specified timeframe and schedule would be immensely appreciated.

Thank you for considering our proposal. We eagerly anticipate a positive response and remain available for further discussions or clarifications, if required.

Warm regards,

  
Principal  
Sir C.R.Reddy College for Women  
ELURU

## Notice to Staff and Students

### NOTICE

Date:26.07.2021  
Eluru

It is to announce you all that Career Guidance and placement Cell arranged competitive coaching classes at Sreedhar's CCE, designed to enhance your skills and prepare you for upcoming challenges. These sessions will be held from 02-Aug-2021 to 14-Sep-2021, running from 5:30 PM to 6:30 PM.

The aim of these classes is to equip you with the necessary tools and knowledge to excel in competitive examinations. Whether you're aiming for entrance exams or any competitive assessments, these sessions will provide valuable insights and guidance.

We encourage all interested candidates to attend and take advantage of this opportunity to boost your preparation and performance.

Venue: SREEDHAR's CCE  
NRPET,Eluru  
Date: 02-Aug-2021 to 14-Sep-2021  
Time: 5:30 PM to 6:30 PM

**219 - 224**

- ❖ It laid down the fundamentals and philosophy of the constitutional structure.
- ❖ It was unanimously adopted by the Assembly on Jan 22, 1947.
- ❖ Its modified version forms the Preamble of the present Constitution.

### Changes by the Independence Act :

- ❖ The representatives of the Princely States, who had stayed away from the Constituent Assembly, gradually joined it.
  - ❖ On April 28, 1947, representatives of the six States were part of the Assembly.
  - ❖ After the acceptance of the **Mountbatten Plan of June 3, 1947** for partition of the country, the representatives of most of the other Princely States took their seats in the Assembly.
  - ❖ The members of the Muslim League from the Indian Dominion also entered the Assembly.
  - ❖ The **Indian Independence Act of 1947** made the following three changes in the position of the Assembly
- 1) The Act empowered the Assembly to abrogate or alter any law made by the British Parliament in relation to India.
  - 2) The Assembly also became a legislative body. In other words, **two separate functions were assigned to the Assembly, that is, making of a constitution for free India and enacting of ordinary laws for the country.**
- ❖ These two tasks were to be performed on separate days.
  - ❖ Thus, the Assembly became the **first Parliament of free India** (Dominion Legislature).
  - ❖ Whenever the Assembly met as the Constituent body it was chaired by **Dr. Rajendra Prasad** and when it met as the legislative body, it was chaired by **G V Mavlankar**.
  - ❖ These two functions continued till November 26, 1949, when the task of making the Constitution was over.

- 3) The Muslim League members (hailing from the areas included in Pakistan) withdrew from the Constituent Assembly for India.
- ❖ Consequently, **the total strength of the Assembly came down to 299 as against 389 originally fixed in 1946** under the Cabinet Mission Plan.
  - ❖ The strength of the Indian Provinces (formerly British Provinces) was reduced from 296 to 229 and those of the Princely States from 93 to 70.

### Other Functions Performed :

- ❖ In addition to the making of the Constitution and enacting of ordinary laws, the Constituent Assembly also performed the following functions:
- 1) It ratified the India's membership of the Commonwealth in **May 1949**.
  - 2) It adopted the **National Flag** on **July 22, 1947**.
  - 3) It adopted the **National Anthem** on **January 24, 1950**.
  - 4) It adopted the **National Song** on **January 24, 1950**
  - 5) It elected **Dr. Rajendra Prasad** as the first **President of India** on **January 24, 1950**.

### Committees of Constituent Assembly :

- ❖ The Constituent Assembly appointed a number of committees to deal with different tasks of constitution-making.

- ❖ Out of these, eight were major committees and the others were minor committees.
- ❖ The names of these committees and their chairmen are given below:

### Major Committees :

- 1) **Union Powers Committee**  
- Jawaharlal Nehru
- 2) **Union Constitution Committee**  
- Jawaharlal Nehru

- 3) Provincial Constitution Committee  
- Sardar Patel
- 4) Drafting committee - Dr. B.R.Ambedkar
- 5) Advisory Committee on Fundamental Rights and Minorities - Sardar Patel  
This committee had two sub-committees.
  - a) Fundamental Rights Sub-Committee  
- J.B.Kripalani
  - b) Minorities Sub-Committee - H.C.Mukherjee
- 6) Rules of Procedure Committee  
- Dr.Rajendra Prasad
- 7) States Committee (Committee for Negotiating with States) - Jawaharlal Nehru
- 8) Steering Committee - Dr.Rajendra Prasad

#### Minor Committees :

- 1) Committee on the Functions of the Constituent Assembly - G.V.Mavalankar
- 2) Order of Business Committee  
- Dr.K.M.Munshi
- 3) House Committee - B.Pattabhi Sitaramayya
- 4) Ad-hoc Committee on the National Flag  
- Dr.Rajendra Prasad
- 5) Special Committee to Examine the Draft Constitution - Alladi Krishnaswamy Ayyar
- 6) Credentials Committee  
- Alladi Krishnaswamy Ayyar
- 7) Finance and Staff Committee  
- Dr.Rajendra Prasad
- 8) Hindi Translation Committee
- 9) Urdu Translation Committee
- 10) Press Gallery Committee
- 11) Committee to Examine the Effect of Indian Independence Act of 1947
- 12) Committee on Chief Commissioners' Provinces - B.Pattabhi Sitaramayya
- 13) Commission on Linguistic Provinces  
- B.Pattabhi Sitaramayya
- 14) Expert Committee on Financial Provisions
- 15) Ad-hoc Committee on the Supreme Court  
- S.Varadachariar

❖ Among all the committees of the Constituent Assembly, the most important committee was the Drafting Committee.

#### Drafting Committee :

❖ Drafting Committee, which bore the responsibility of drafting the Constitutional document during the recess of the Constituent Assembly, from July 1947 to Sept 1948, was formed on Aug 29, 1947.

❖ Its members were :

- 1) Dr.B.R.Ambedkar - Chairman
- 2) N.Gopaldaswami Ayyangar
- 3) Alladi Krishnaswami Ayyar  
(a distinguished jurist)
- 4) K.M.Munshi  
(a distinguished Jurist)
- 5) Syyed Mohammad Sadulla
- 6) N.Madhav Rao (in place of B L Mittal, who resigned due to ill-health)
- 7) D.P.Khaitan (replaced by T Krishnamachari, after Khaitan's death in 1948).

❖ Sessions of the Constituent Assembly

Session	Held
First	9th-23rd December, 1946
Second	20th-25th January, 1947
Third	28th April - 2nd May, 1947
Fourth	14th-31st July, 1947
Fifth	14th- 30th August, 1947
Sixth	27th January, 1948
Seventh	4th November, 1948 - 8th January, 1949
Eighth	16th May - 16th June, 1949
Ninth	30th July - 18th September, 1949
Tenth	6th - 7th October, 1949
Eleventh	14th - 26th November, 1949

# **BANKING AWARENESS**

## **OBJECTIVE**

Since 1995 + 28 Years of Legacy

### INDIAN BANKING SYSTEM

1. Ujjivan Small Finance Bank is a bank licensed under Sec 22 of the Banking Regulation Act 1949 to carry out small finance bank business in India. Its headquarters located in \_\_\_\_\_

- 2020: Canara Bank & Syndicate Bank
- **Other Public Sector Bank**
- India Post Payments Bank wholly owned by Government of India, started operations in 2018.
- It's Headquarters located in New Delhi.
- 20% is the maximum ceiling on Foreign Direct Investment in the equity of Public Sector Bank
- A Foreign Direct Investment is an investment made by a firm or individual in one country into business interests located in another country.
- **Private Sector Bank**
- Banks having greater part of equity held by the private shareholders are called as Private Sector Banks.
- In 1993, RBI started issuing new Private Sector Bank licenses.
- As per guidelines for licensing of Universal Banks in Private Sector, The initial minimum paid up capital for a bank shall be Rs. 500 crore.
- Internal Working Group headed by Dr. P.K. Mohanty committee recommended that the initial minimum paid up capital for Universal Banks in Private Sector should increase to Rs. 1,000 crore from existing Rs. 500 crore and it is accepted by Reserve Bank of India.
- The promoter shall hold a min. of 40% of the paid-up equity capital of the bank which shall be locked-in for a period of 5 years from the date of commencement of business of the bank.
- As per latest policy guidelines Foreign Direct Investment, In Private Sector Bank FDI allowed up to a maximum of 74% of the paid up capital of the bank.
- First Micro Finance Institution converted into private sector bank in India is Bandhan Bank.
- **Foreign Bank**
- A Foreign Bank is one, whose head office is located in another country.
- These Banks are mainly concerned with financing foreign trade.
- Foreign Banks are allowed to operate in India through Branches and Representative Offices.
- The initial minimum paid up capital for setting up the Wholly Owned Subsidiary by a Foreign Bank is Rs. 500 Crore.
- SBM Bank (Mauritius) is the first foreign bank in India obtained license from RBI to operate as Wholly Owned Subsidiary –WoS.
- Hong Kong & Shanghai Banking Corporation is the first foreign bank started operations in India.
- **Regional Rural Bank**
- Narasimham Committee on Rural Credit recommended the establishment of Regional Rural Bank's to meet the needs of rural areas.
- The objective of the RRB's is to develop the rural economy by providing credit facility.

# COMPUTER KNOWLEDGE

For All Competitive Exams

[www.sreedharscce.com](http://www.sreedharscce.com)

## 1. COMPUTER CONCEPTS OVER VIEW

### What is Computer?

An electronic device which is capable of receiving information (data) in a particular form and of performing a sequence of operations in accordance with a predetermined but variable set of procedural instructions (program) to produce a result in the form of information or signals.

### What are Characteristics of Computer?

#### 1. Speed:-

As you know computer can work very fast. It takes only few seconds for calculations that we take hours to complete. You will be surprised to know that computer can perform millions (1,000,000) of instructions and even more per second.

#### 2. Accuracy:-

As computers work on inbuilt software programs, there is no scope for human errors and are hence, highly accurate.

#### 3. No IQ:-

Computer is a dumb machine and it cannot do any work without instruction from the user. It performs the instructions at tremendous speed and with accuracy. It is you to decide what you want to do and in what sequence. So a computer cannot take its own decision as you can.

#### 4. Storage:-

A computer can store a large amount of data or instructions in its memory which can be retrieved at point of time.

#### 5. No Feelings:-

It does not have feelings or emotion, taste, knowledge and experience. Thus it does not get tired even after long hours of work. It does not distinguish between users.

### ONE LINERS:-

1. Father of Computer - CHARLES BABBAGE
2. Father of Modern Computer Science - ALAN TURING
3. First Un Programmable Digital Computer - ATANASOFF BERRY COMPUTER (ABC)
4. First Electronic Digital Computer - ENIAC
5. ENIVAC stands for - ELECTRONIC NUMERIC INTEGRATOR AND CALCULATOR
6. World's Fastest Computer - Sunway TaihuLight, in China.
7. India's Fastest Computer -ParamYuva II
8. ParamYuva II developed by - Centre for Development of Advanced Computing (CDAC)

### GENERATIONS OF COMPUTERS :

1. First Generation - (1940-56) - Vacuum tubes - Batch processing OS
2. Second Generation - (1956-63) - Transistors - Multi bag / Time sharing OS
3. Third Generation - (1964-71) - Integrated Circuits - Timesharing/ Real time OS
4. Fourth Generation - (1971-80) - Microprocessors - Real time/ Multi programming OS
5. Fifth Generation - (1980- present) - Semi conductors - Real time/ Multi programming OS

### Languages according to Generations:-

#### GENERATION LANGUAGES

- 1st - Machine and Assembly language
- 2nd - Assembly language and high level languages (FORTRAN , COBOL)
- 3rd - High level languages (FORTRAN II - IV , COBOL , PASCAL , BASIC, ALGOL68)
- 4th - High level languages(FORTAN 77 , PASCAL , COBOL)
- 5th - High level languages(C , C++ ,JAVA , .NET)

**Types of Computers**

**Five Types:**

- . Personal Computer
- . Mini Computer
- . Mainframes
- . Super Computer
- . Micro computer

**1. Personal Computer:**

A PC can be defined as a small, relatively inexpensive computer designed for individual user. PCs are based on the microprocessor technology that enable manufacturers to put an entire CPU on one chip. Businesses use personal computers for word processing, accounting, desktop publishing, and for running spreadsheet and database management applications. At home, the most popular use for personal computers is playing games and surfing the Internet.

**2. Mini Computer:**

It is a midsize multi-processing system capable of supporting up to 250 users simultaneously.

These were designed for specific tasks but have now lost popularity due to the advent of PCs.

**Popular Minicomputers:**

- ◆ K-202
- ◆ Texas Instrument TI-990
- ◆ SDS-92
- ◆ IBM Midrange computers

**3. Mainframes:**

Mainframe is very large in size and is an expensive computer capable of supporting hundreds or even thousands of users simultaneously. Mainframe executes many programs concurrently and supports many simultaneous executions of programs.

**Popular Mainframe computers:**

- ◆ Fujitsu's ICL VME
- ◆ Hitachi's Z800

**4. Super computer:**

Supercomputers are one of the fastest computers currently available. Supercomputers are very expensive and are employed for specialized applications that require immense amount of mathematical calculations (number crunching). For example, weather forecasting, scientific simulations, (animated) graphics, fluid dynamic calculations, nuclear energy research, electronic design, and analysis of geological data (e.g. in petrochemical prospecting).

**Popular Supercomputers:**

- ◆ IBM's Sequoia, in United States
- ◆ Fujitsu's K Computer in Japan
- ◆ IBM's Mira in United States
- ◆ IBM's Super MUC in Germany
- ◆ NUDT Tianhe-1A in China

**5. Microcomputer:**

Desktop computers, laptops, personal digital assistant (PDA), tablets & smartphones are all types of microcomputers. The micro-computers are widely used & the fastest growing computers. These computers are the cheapest among the other three types of computers. The Micro-computers are specially designed for general usage like entertainment, education and work purposes. Well known

manufacturers of Micro-computer are Dell, Apple, Samsung, Sony&Toshiba. Desktop computers, Gaming consoles, Sound & Navigation system of a car, Net books, Notebooks, PDA's, Tablet PC's, Smart phones, Calculators are all type of Microcomputers. All types of computers follow the same basic logical structure and perform the following five basic operations for converting raw input data into information useful to their users.

### **Functions of Computer:**

The computer are used today for an almost unlimited range of applications. However, irrespective of the application for which a computer is used we can identify a few basic functions that are performed by all computers.

All the computer applications are make use of these basic function of computers in different ways and combinations. There are basically for basic functions of computers - input, storage, processing and output. These are described below:

#### **Input:**

Receiving or accepting information from outside sources. The most common way of performing this function is through the information entered through the keyboard and the click of mouse. Of course there are many other type of devices for receiving such information - for example, the web cam. Computers are also able to receive information stored in other devices like DVD disks and pen drives. Computers are also able to receive information from other computers and similar devices. When we use computers for automatic control of machines and processes, computers are also receive information directly from such equipments and processes.

#### **Storage:**

Store information in the computer. The memory is stored in computer in in several different ways depending on how the information is used. For simplicity we will classify in two broad categories. First is the memory in the central processing unit of the computer, and second is the auxiliary memory. The auxiliary memory includes devices such as fixed hard drives. The information stored in computer can also be divided broadly used in two categories. The user data and the instructions used for internal operation and processing in the compute. These instruction are what we call computer programs or software.

#### **Processing:**

This is really the core of computer operation. The computer processes the data that is fed to the computer by various means and the data already contained in internal memory to produce the results that is the core of all computer application.

#### **Output:**

The results of the processing are made available for use by any user or other devices. The most common ways of producing such outputs are through computer monitor, speakers, and printers. When a computer is connected to other devices, including through Internet, this output is in the form of electrical pulses. The output data can also be recorded on to an external recording medium such as a DVD disk.

### **Computer Architecture**

Computer architecture defines the components and the relationship between them. It also describes how different components interact with software to form a computer system.

The best known computer architecture is known as ?John Von Architecture or Princeton Architecture introduced in 1948 by John Von Neumann. This architecture is still used by most of the computers today. Here is the diagram of Architecture.

A basic computer system consists of the following components:-

**1. CPU:**  
Central processing unit is that core element of a computer system that carries out instructions of a computer program by performing basic arithmetic, logical control and I/O operations.

**2. Memory:**  
Every computer has 2 types of main memories - RAM and ROM. Random Access Memory can be read and written to anytime the CPU instructs it. Contents of RAM are erased when the computer is turned off whereas Read Only Memory is pre-loaded with data and software that never changes. ROM is typically used to store computer's initial start up instructions.

**3. I/O unit:**  
I/P refers to the communication between a computer and outer world. Input are signals/data received by system and Output are signals sent by it. Peripheral devices provide input/output to the system. Peripherals include input devices like keyboard, mouse and output devices like display screen or printer. Hard disk and optical disk devices act as both input and output devices.

**4. Arithmetic and Logical Unit (ALU):**  
It is the most important component of a microprocessor that performs the arithmetical and logical operations like AND, OR, NAND, NOR, Addition and Subtraction.

**5. Control Unit:**  
It is the circuit that controls the flow of information through processor and coordinates the activities of other units within it. With a regular processor, control unit performs tasks of fetching, decoding, managing execution and

**6. Register Sets:**  
Register sets temporarily store data and program codes until they are sent to ALU or control section. More registers per CPU results in programming tasks easier. Registers are measured by no of bits i.e 8 bit, 16 bit, 32 bit.

### Important Terms

**Mother Board:**  
It is the main Printed circuit board mounted the CPU. It is also known as Logic Board, Planar board and System Board. It is found in general purpose as well as special purpose systems. It allows communication between different components of the system such as memory, CPU, and other peripherals. It uses different buses to connect different components.

**BUS A**  
bus is a set of wires used to connect different components of the system so that data/information can move from one component to other component, where each wire can carry only a single bit.

There are two types of BUS according to connectivity:-

**1) Internal Bus** - It is also known as system bus, local bus, front side bus, Memory bus. It connects all the internal components such as CPU and memory to the motherboard. It is also known as local bus as they are intended to connect local

**2) External Bus** - It is also known as the expansion bus. It connects different external components like peripherals, expansion slots, I/O Port and drives connections to the rest of the computer.

**There are three types of bus according to their work:-**

**1) Data Bus**- The data that is to be transferred is carried by data

2) **Address Bus**- The addresses of I/O devices and memory is carried by address bus

3) **Control bus**- The instructions/commands to access the memory or I/O devices are carried by control

### Hardware and Software

#### What is HARDWARE?

All the things you can see & touch in a computer, called hardware e.g. keyboard, Mouse, Monitor, Printer, Disk and Chips etc

#### What are different types of HARDWARE COMPONENTS?

##### Internal hardware components:

- ◆ CPU
- ◆ Mother Board
- ◆ RAM
- ◆ Sound Card
- ◆ Video Card
- ◆ Hard Drive
- ◆ DVD

##### External Hardware components:

- ◆ Keyboard
- ◆ Mouse
- ◆ Printer
- ◆ Scanner
- ◆ Monitor
- ◆ Speakers

#### What is SOFTWARE?

All the things you can't see & touch but can feel & operate, called software. e.g. set of instructions that tell the hardware what to do like web browser to access internet, games, MS-Office, Antivirus programs etc.

#### Types of software - Mainly two type of software are there

##### 1- System Software

##### 2- Application Software

#### What is System Software?

System software sits directly on top of your computer's hardware components (also referred to as its bare metal). It includes the range of software you would install to your system that enables it to function. This includes the operating system, drivers for your hardware devices, linkers and debuggers. Systems software can also be used for managing computer resources. Systems software is designed to be used by the computer system itself, not human users.

System software is designed to operate the computer hardware and to provide a platform for running application software. Application software are designed to help the user to perform specific tasks like MS Word, Notepad, Google Chrome, and Calculator.

e.g. Window XP, Window 7, Sound Drivers etc

#### Application Software:

Unlike systems software, applications software is designed to be used by end-users. Applications software, in essence, sits on top of system software, as it is unable to run without the operating system and other utilities.

Applications software includes things like database programs, word processors and spreadsheets, e-mail applications, computer games, graphics programs and such. Generally, people will refer to applications software as software.

SIR C R REDDY COLLEGE FOR WOMEN , ELURU				
COACHING FOR COMPETITIVE EXAMS AT SREEDHAR'S CCE N.R.PET, ELURU				
2020-2021 STUDENTS LIST				
S.NO	ROLL.NO	CLASS	NAME OF THE STUDENT	SIGNATURE OF
1	182019	III BSC MPCS	ABDUL SUMAYA	A. Sumaya
2	182020	III BSC MPCS	BALAJI REVATHI	B. Revathi
3	182021	III BSC MPCS	BANALA SATYA SRI LEKHA	B. Satya Sri Lekha
4	182023	III BSC MPCS	BOJA LEELA NAGADURGA	B. Nagadurga
5	182024	III BSC MPCS	BONDALA KAVITHA	B. Kavitha
6	182025	III BSC MPCS	BOPANA SAI SREE	B. Sai Sree
7	182028	III BSC MPCS	CHEEPURU MOHINI DEVI SAILAJA	D. Priyanka
8	182030	III BSC MPCS	DANDUBOINA PRIYANKA	D. Priyanka
9	182031	III BSC MPCS	DASARI NAGA MOUNIKA	D. Naga mounika
10	182032	III BSC MPCS	DASARI SANDHYA	D. Sandhya
11	182033	III BSC MPCS	DHARMAVARAPU BHARGAVI	D. Bhargavi
12	182034	III BSC MPCS	EDDUM SHARMILA NAGA LAKSHMI	E. S. N. Lakshmi
13	182035	III BSC MPCS	GANGIRAJU SUDHAKARIKA	G. Sudhakarika
14	182036	III BSC MPCS	GAVVA JAYA LAKSHMI	G. Jaya Lakshmi
15	182037	III BSC MPCS	GEDDAM MANEESHA	G. Maneesha
16	182038	III BSC MPCS	GODI NIKHILA PRIYA	G. Nikhila priya
17	182039	III BSC MPCS	GOLI GAYATRI	G. Gayatri
18	182040	III BSC MPCS	GORRELA MAMATHA KALYANI	G. Mamatha Kalyani
19	182041	III BSC MPCS	GOTTAPU JYOTHSNA	G. Jyothsna
20	182042	III BSC MPCS	GUNDABATHULA BALA BHAGYA LAKSHMI	G. B. B. Lakshmi
21	182043	III BSC MPCS	GUNTURI NAGAVENKATASOWMYALAKSHMI	G. N. V. S. Lakshmi
22	182044	III BSC MPCS	GURUGUBELLI RAMA LAKSHMI	G. Rama Lakshmi
23	182045	III BSC MPCS	INDHANA USHA SRI DEVI	I. Usha Sri Devi
24	182046	III BSC MPCS	JANGALA JAYASRI SOWMYA	J. Sowmya
25	182047	III BSC MPCS	JONNALAGADDA LAKSHMI ANNAPURNA	J. L. Annapurna
26	182048	III BSC MPCS	KANAKAM PARVATHI MOHANA SANDHYA	K. P. M. Sandhya
27	182050	III BSC MPCS	KONNE AKHILA	K. Akhila
28	182051	III BSC MPCS	KOPPULA SRAVANI SANDHYA	K. S. Sandhya
29	182052	III BSC MPCS	KOSARAJU VASANTHI	K. V. Santhi
30	182053	III BSC MPCS	KOTA SWATHI	K. Swathi
31	182054	III BSC MPCS	KOTA VYSHNAVI	K. Vyshnavi
32	182055	III BSC MPCS	KURELLA RENUKA	K. Renuka
33	182056	III BSC MPCS	LAVETI PRANITHA DEVI	L. Pranitha Devi
34	183016	III BSC MSCS	ADAPAKA CHANDINI	A. Chandini
35	183017	III BSC MSCS	ALAPATI LASYA CHOWDARY	A. Lasya Chowdary
36	183018	III BSC MSCS	AMUDALA INDRAJA	A. Indrāja
37	183019	III BSC MSCS	AYACHITHULA LAKSHMI DEEPIKA	A. I. DEEPIKA
38	183021	III BSC MSCS	BANDE CHANDANA SRI	B. Chandana Sri
39	183022	III BSC MSCS	BUSI POORNIMARAMA	B. Poornimarama
40	183023	III BSC MSCS	BATHINA HARIKA	B. Harika
41	183024	III BSC MSCS	BETHA DURGA ANUSHA	B. Durga Anusha
42	183025	III BSC MSCS	BETHAPUDI SOWMYA	B. Sowmya
43	183026	III BSC MSCS	BOCHA SWETHA	B. Swetha
44	183027	III BSC MSCS	BOPANA GAYATHRI	B. Gayathri
45	183028	III BSC MSCS	BUDDALA RUPA PRIYANKA	B. Rupa priyanka
46	183029	III BSC MSCS	CHEEKATA VANI	C. Vani

47	183030	III BSC MSCS	CHENNURU LEELA SREE	Ch. Leela Sree
48	183031	III BSC MSCS	CHIPURUPALLI ANURADHA	Ch. Anu Radha
49	183032	III BSC MSCS	CHITIKALA PRASANTHI	Ch. Prasanthi
50	183033	III BSC MSCS	DADI LALITHA SAI	D. Lalitha Sai
51	183034	III BSC MSCS	DARUNA MANJULA	D. Manjula
52	183035	III BSC MSCS	DIVVELA VENKATA LAKSHMI SWAPNA	D. V. L. Swapna
53	183036	III BSC MSCS	DUVVI JYOTHI PRIYA DARSINI	D. J. P. Darsini
54	183037	III BSC MSCS	GANTEDA VASANTHI SAI SARAJINI	G. V. S. Sarajini
55	183038	III BSC MSCS	GIRIJALA MADHAVI	G. Madhavi
56	183039	III BSC MSCS	GOLLA VANITHA PRIYA	G. Vanitha Priya
57	183040	III BSC MSCS	ILLA RAMADEVI	I. Ramadevi
58	183041	III BSC MSCS	JAGGINA RISHITHA	J. RISHITHA
59	183042	III BSC MSCS	KADALI RAMYA	Kadali Ramya
60	183043	III BSC MSCS	KAMADULA DIVYA	K. Divya
61	183044	III BSC MSCS	KARRI SANDHYA DURGA	K. Sandhya Durga
62	183045	III BSC MSCS	KARUMURI SREYA	K. Sreya
63	183046	III BSC MSCS	KAZA HARI CHANDANA	K. Hari Chandana
64	183047	III BSC MSCS	KENGAM DHANALAKSHMI	K. Dhanalakshmi
65	183048	III BSC MSCS	KOONISSETTI HEMA DURGA	K. Hema Durga
66	183049	III BSC MSCS	KOPPULA SIRIJA	Koppula sirija
67	186028	III BSC MCCS	NAKKINA DEVI TANUSHA	N. Devi Tanusha
68	186029	III BSC MCCS	NARRA JAYA LAKSHMI	N. Jayalakshmi
69	186030	III BSC MCCS	NEKKALAPUDI DEEPTHI	N. Deepthi
70	186031	III BSC MCCS	NUVVULA DIVYA	N. Divya
71	186032	III BSC MCCS	PAMIREDDY RAMYA SRI	P. Ramya Sri
72	186033	III BSC MCCS	PANE MOUNIKA	P. Mounika
73	186034	III BSC MCCS	PASAGADI NAGA MALLESWARI	P. N. Malleswari
74	186035	III BSC MCCS	PATTEM LAVANYA	P. Lavanya
75	186036	III BSC MCCS	PERUBOYINA VENKATA RAMANA	P. V. Ramana
76	186037	III BSC MCCS	NALLURIPHANI RAJA KUMARI	N. Raja Kumari
77	186038	III BSC MCCS	PILAGALA POOJITHA	P. poojitha
78	186039	III BSC MCCS	PONNAGANTI PAVANI KUMARI	P. P. Kumari
79	186041	III BSC MCCS	PUTTA BHAVYA	P. Bhavya
80	186042	III BSC MCCS	PUTTI MOUNIKA	putti mounika
81	186043	III BSC MCCS	RAJULAPATI MANASA	P. mounika
82	186044	III BSC MCCS	REDDY NAGA LAKSHMI	R. N. lakshmi
83	186045	III BSC MCCS	REGELLA SIREESHA	R. sireesha
84	186046	III BSC MCCS	RUDRAKSHULA INDHU KANAKA VENKATA SATYA	R. I. K. V. satya
85	186047	III BSC MCCS	SANCHINA JAVANI	Sanchina javani
86	186048	III BSC MCCS	SARAMPATI ANUSHA	S. Anusha
87	186049	III BSC MCCS	TAMMINENI VENKATA UMA	T. V. UMA
88	186050	III BSC MCCS	TERLI RAMYA	T. Ramya
89	186051	III BSC MCCS	THOTA DEVIKA ATCHUTHA SAI PHANISRI	T. D. A. S. phanisri
90	186052	III BSC MCCS	THUMMALA VENKATA NAGA SATYA VINITHA	T. V. N. S. Vinitha
91	186053	III BSC MCCS	TUMATI BEULAH	T. Beulah
92	186054	III BSC MCCS	TUMMURI VRUHIKA REDDY	T. Vruhika Reddy
93	186055	III BSC MCCS	UDATHA AKHILA RANI	U. Akhila Rani

## Report

Career Guidance and Placement cell in collaboration with Sreedhar's CCE has successfully organized Competitive Coaching Classes for final B.Sc and B.Com students from 02-08-2021 to 14-09-2021 after the completion of college hours from 5:30pm to 6:30 pm at Sreedhar's CCE Coaching Center. These classes were aimed at enhancing their skills and preparing them for various competitive examinations.

The primary goal of these classes was to provide comprehensive coaching for competitive examinations and to empower students with necessary knowledge and skills required to excel in competitive exams relevant to their chosen fields.

The coaching classes covered a wide range of subjects i.e., quantitative aptitude, reasoning, Communication skills, Analytical skills, for competitive exams ensuring students received a holistic preparation for the challenges posed by diverse examinations.

The classes adopted an innovative and dynamic teaching methodology. They have encouraged interactive sessions and active participation. Regular practice tests were integrated to assess student's progress.

The competitive question classes organized through the collaboration between our college and Sreedhar's CCE have played an important role in shaping the academic and professional trajectories of participating students. The positive feedback underscores the effectiveness of this initiative, reinforcing our commitment to providing high quality coaching for competitive exams. We look forward to building on the success and further enhancing the educational experience of our students.
